MEMORANDUM FOR : Contracting Officer, DPS/DCI

THROUGH : SA/PD/DCI

SUBJECT : Rear View Mirror

25X1A

25X1A

1. It is requested that necessary action be initiated to procure and install, as required, rear view mirrors indicated in message [ ] 2536 (IN 00269), which is appended as enclosure 1. This will require one each per assigned thirteen aircraft and three each for depot stocks. Normal procedures will be followed in the publication of Service Bulletins and distribution of necessary kits through [ ]. The recommended priority for shipment to units is as follows: (1) [ ]

25X1A

2. Due to the comparatively low cost involved and advantages to be gained, this installation is considered a valuable asset for contrail and fuel siphoning from vent line detection. The intercept problem is still with us; however, results of [ ] tests may assist in solutions to this and necessary modifications may be made subsequently.
